

Catcote Metro

Students from Catcote Futures are yet again enjoying their work experience at Catcote Metro, exploring employment opportunities and developing their employability skills.

This half term students have enjoyed making Christmas Cards and Christmas Wreaths, creating Christmas displays and serving customers.

When asked Reece said "I like the staff, they're very warm and welcoming, the shop has a nice vibe. I've particularly enjoyed creating the Christmas displays."

Great job Reece! You are really improving your work skills!

It really is the most wonderful time of the year!
