

Work Placement

Watson's Barber's

Connor joined the STEPs programme in September 2021, as part of his study programme Connor is gaining invaluable work experience at Watsons Barbers.

Connors job coach is very impressed with Connors independence and has already started to reduce his support as he is doing so well. Connor works from a given job list and he is able to use his initiative as to what jobs need to be completed first. Huge thanks to Watsons Barbers for offering Connor this amazing opportunity
