

Powertex

A new concept is being offered at Catcote Futures!

Powertex...

...is a multi medium sculptural tool to create texturing and 3D art work.

Learners have enjoyed a workshop with Do Creative in the BIS, Whitby Street where they each made a journal. Thank you Jane and Kim for the workshop and your lovely words “what a lovely group of young people you brought to the Studio yesterday! They were so polite and well-behaved; an absolute joy to teach”.

Watch this space for other wonderful, wacky creations from the group.
