

Wickets – Kit for Learners

This week, Paul from the cricket charity Wickets, who works alongside @durhamcricket came into see our STEPs students. Three of our learners are working with them at some of the groups ran across the town. He was kind enough to bring in kit that our students can use while they are working with them, so they look professional, part of the team, and are safe while playing hard ball cricket, with the young people.

The work that Wickets are wanting to do with our students across the Trust is very exciting.

We would like to thank them for supporting our learners.
