Hospitality and Catering

Dylan

Dylan joined Catcote Academy in year 7. His love of cooking started when he chose Catering as his work related learning option. He found he had a 'real flair' for this so much so that he was offered an internal work placement in the Academy's bistro. He then progressed to a work placement at The Academy's training venue, The Vestry Café. As his confidence and skillset continued to grow, Dylan was offered an external Work experience placement at The Wharton Trust. He then began a Supported Internship through the Academy's Steps Programme, where he gained further Catering experience at Mary Lambert's Restaurant. Mary Lamberts were so impressed with Dylan's strong work ethic and hard work that they offered him paid work. He continues to thrive and develop his skills and confidence, he has mentored other students gaining work experience within the restaurant.
